EuroFresh, Inc. and U.S. Department of Justice Reach Settlement

WILLCOX, Ariz. (August 26, 2011) — EuroFresh, Inc., a year-round producer and marketer of greenhouse-grown tomatoes and cucumbers, reached a settlement today with the U.S. Department of Justice regarding a misdemeanor charge of hiring undocumented workers which occurred more than five years ago.

Related to this settlement, EuroFresh Inc.'s former human resources director is awaiting sentencing by the U.S. District Court for allegedly allowing seventeen unauthorized aliens to work at EuroFresh for short periods of time. Upon discovering the wrongful hiring practices, EuroFresh terminated the director and self-reported the infraction to the U.S. Department of Justice.

"EuroFresh does not tolerate illegal activities and regrets that a former employee engaged in illegal conduct more than five years ago," said Johan van den Berg, chief executive officer of EuroFresh Farms. "When EuroFresh discovered the activities, the company voluntarily reported the infraction to authorities, terminated the employee, and acted swiftly to implement new procedures that ensure full compliance with immigration laws."
